

FOLA Guest Pass and Boat Sticker Program

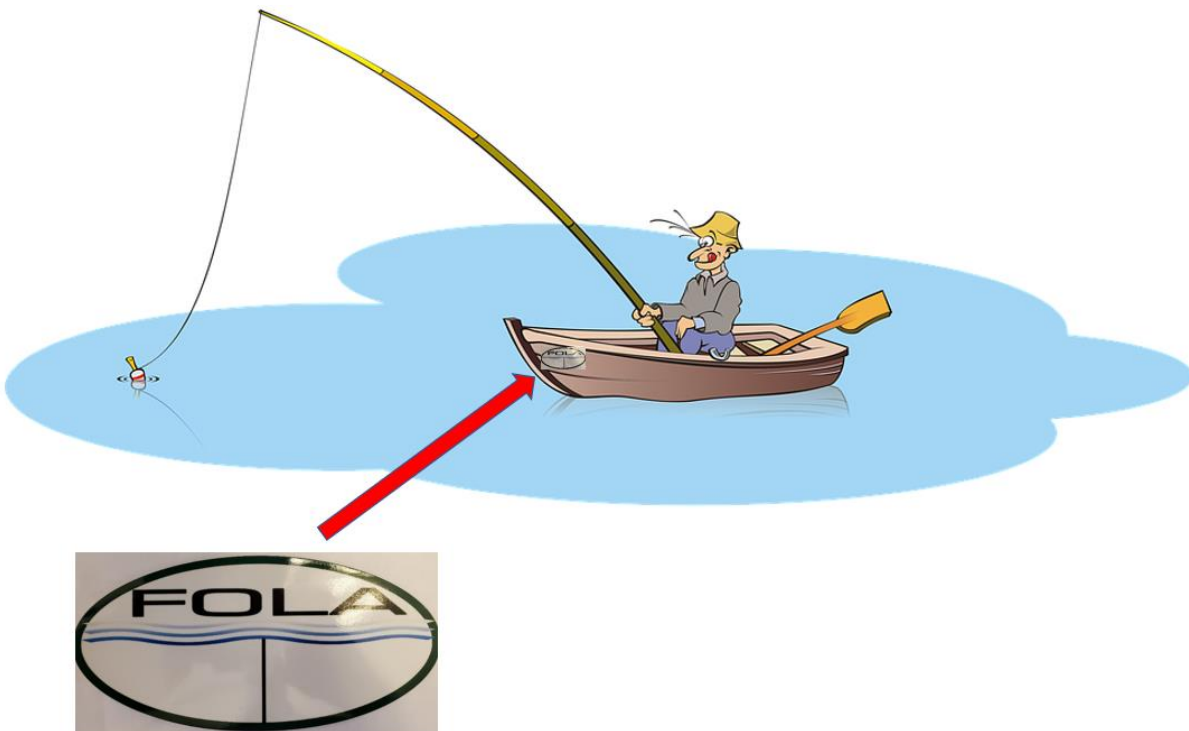

Guest Passes - The goal is to provide unaccompanied guests of Lake Antioch property owners (or their authorized renter) with a form of identification while on Lake Antioch.

- FOLA will provide one physical guest pass to each household within the FOLA boundaries.
- Each guest pass will clearly display the FOLA logo and HOA subdivision name on the front side of the pass. The reverse side will identify the address of the Property Owner.
- If a Property Owner is unable to accompany a guest on the lake, then the Property Owner will provide the guest with their FOLA guest pass.
- Guests are expected to:
 - Produce the guest pass upon request by a FOLA member
 - Honor FOLA fishing limits/catch & release as posted around Lake Antioch
 - *Not use gas powered motors at any time during the year*

Boat Stickers – The purpose is to identify boats owned by FOLA residents versus non-residents. Owners of non-resident boats will be asked to remove their boat from Lake Antioch if they are unable to produce a Guest Pass. The goal is to reduce traffic and preserve lake quality.

- The stickers are waterproof and should be attached to both sides of any watercraft (canoe, kayak, pontoon, sailboat, paddle boats, etc).
- Stickers are available through each HOA's FOLA representative

Exclusions

This program does not exclude requirements by governing agencies relating to fishing or boating on Lake Antioch.

Program Updates

FOLA reserves the right update the program requirements as needed with approval by the FOLA Board
